

# BETTER BUILT

to clean your toughest loads

### High-Efficiency Top Load Washer

The MVWC400X uses over 70% less water and energy, paying for itself in just over 4 years.\*\*

### IntelliClean™ Impeller

The impeller moves independently of the wash basket, creating increased action for thorough cleaning.

### IntelliDry® Sensor

This sensor monitors the moisture level of clothes as they tumble to minimize the risk of overdrying and shrinking.

\*Based on current 12-month Consumer State Tracker, 2010 Smith-Dahmer Associates, LLC.  
\*\*Compared to pre-2004 traditional top load washers, based on average consumer use.  
Note: Not all features available on all models.

ALL NEW Centennial Laundry Pairs 2010

## Maytag® Commercial Technology (MCT)

Commercial-grade components like stainless steel washer springs and premium dryer drum rollers are designed to ensure a long-lasting laundry pair.

## Low Water Wash System

Combined with the IntelliClean™ impeller, this wash system uses over 70% less water\* while delivering better cleaning performance with concentrated wash action.

## Bigger Capacity

With up to 4.3 cu. ft. I.E.C. equivalent\*\* capacity in the washer and 7.0 cu. ft. in the dryer, there's more than enough space to wash large items and dry full loads.
